Winter Story Hour- Thursday, January 14th at 10:00 a.m.

Class Descriptions:

Village: Who knew that you would find gazing into your baby's eyes the most exciting part of your day? In Kindermusik, we understand how precious this time is with your little one. That's why we created Village. In a Kindermusik Village class, we take those special bonding moments between you and your baby and add in a unique blend of musical learning activities that stimulate and engage all of the senses. Your educator will teach you how to encourage your baby's learning through vocal play, object exploration, instruments, and creative movement.

Our Time: For your toddler, every day brings new discoveries and opportunities to explore the world around him. Despite your toddler's seeming independence, he still longs for the safety and security of parental closeness. During this time, your toddler still relishes the comfort of the familiar while also seeking the challenge of something new. Kindermusik Our Time encourages her to be creative, to initiate her own ideas and to respond in her own ways, while your active participation gives her the security she needs. As you play instruments, sing, move, and explore, you'll uncover an engaging musical world while building your child's confidence, self-control and communications skills.

Imagine That!: His blanket becomes a superhero's cape. A cardboard box doubles as her princess castle. Pots and pans become a drum set. And she sings all the time. Sound like someone you know? Every day brings a new discovery as your preschooler slowly opens the doors of individuality and independence. Using the power of music, Kindermusik's Imagine That! taps into your preschooler's creative spirit and boundless energy and focuses on developing his learning strengths and self-confidence so he'll be ready for school, prepared for future music lessons...or able to leap tall buildings. Parents or caregivers are encouraged to attend the last 10-15 minutes of class.

Young Child I & III: Using a small-group approach to music education, Kindermusik for the Young Child provides a pressure-free class where your child can develop a strong musical foundation by learning the concepts, language, notation, and vocabulary of music and its greatest composers. The program is designed to prepare the young child who is eager for first experiences with musical symbols and instrument discovery but is not yet ready for formal lessons and traditional music reading with an instrument.

Family Time: Bringing children of all ages together provides a dynamic and integrated learning experience for everyone. So we took favorite Kindermusik songs and activities like "Shake, Shake the Apple Tree" and "hammocking" and rolled them into a fun, family class where each child is welcomed and valued and family "together time" is celebrated and cherished. ****If you are interested in a Family Time class, please contact the CAC.**
